# 1 Introduction

---

Dear Sir,

It is my sincere pleasure to submit to your agency this proposal for Intellexa's Predator System for remote & stealthy data-extraction from mobile devices. This proposal will outline the solution with its main blocks:

- **Predator System for Active Cyber Intelligence:** One Click infection via multiple attack vectors and data extraction solutions for a variety of target Android and iOS devices
- **20 concurrent live 'agents'** with a magazine of **400 successful infections**.
- **Geographic limitation** – Only inside the country for local SIM cards on iOS or Android devices.
- **Comprehensive Training:** The proposed solution includes **comprehensive training packages** alongside **24/7 remote support**.

The purpose of this document is to provide a detailed product description alongside high-level technical specifications which shall accompany the commercial proposal and its details.

This full technical details and project scope shall be detailed in a subsequent and agreed contract.

We thank you for evaluating our proposal.

Sincerely,

Intellexa Limited.

The Intellexa logo consists of a circular icon made of small dots on the left, followed by the word "intellexa" in a lowercase, sans-serif font.
